

## Flood Threat Getting Worse In Des Moines; Dikes Still Holding

DES MOINES (AP)—Under emergency police orders a precautionary evacuation of 7,500 persons from low-lying areas was completed here today as the Des Moines River rose past the high mark set in 1947's disastrous flood.

Officials said the total included hundreds of families who voluntarily left their homes Tuesday and Tuesday night.

About 12 square blocks which were without adequate dike protec-

tion in the city's southeast bottoms already were flooded.

### Levees Under Pressure

Elsewhere, the levees still were holding but were under great pressure. All threatened areas had been cleared of people except for workers and those still moving out their possessions.

The raging river was more than four feet above the 23-foot flood stage and nearly a foot above the 1947 high. It still was rising with a crest of 29 to 30 feet due by Thursday.

The emergency evacuations began during the night. Police knocked on doors to awaken residents in a seriously imperiled area.

Volunteer workers and National Guardsmen were doing levee work around the clock and emergency calls were out for more workers.

City officials were pessimistic over whether all the levees would hold. They were designed to withstand a 28-foot crest. Sandbags were being hastily emplaced against the anticipated 29 to 30 foot peak.

If the levees give way a fifth of the city will be flooded and 3,000 to 4,000 persons will be made homeless.

### Traffic Rerouted

"Nobody knows what will happen," said city Public Works Director John Tippee.

Other evacuations were being made and Red Cross officials said hundreds of families were homeless.

At the north edge of the city, where the river enters Des Moines, flood waters closed the Euclid avenue bridge which carries transcontinental U. S. Highway 6 traffic through Des Moines. U. S. Highway 30 was closed west of Boone and traffic was being re-routed.

In Des Moines, city officials said they believed sandbagging could keep the levees from being topped. But they were doubtful whether they could stand the continued pounding of the water.

## French Children Harmed By Wine

PARIS (AP)—France's Academy of Medicine warned parents today not to start children on wine too early. It makes them bad-tempered and even see strange things.

The astonished academy came out in favor of a prohibition campaign — for children — after Dr. Suzanne Serin told them about some of the juvenile bibbers she encountered.

Seven-year-old Pierre was known for his bad humor, and for seeing "white wings and other figures" dangling over his bed. His parents eventually admitted they gave him a quart of red wine daily, and a glass of port each night to "strengthen" him.

Yvonne, 3, also was bad-tempered and didn't want to go to bed because it was "full of frogs and snakes." She got several glasses of wine with each meal.

In Normandy — apple country — many parents start their tots on hard cider at 18 months.

Dr. Serin said parents had various reasons for their choice of childish fare. Some think wine encourages infantile paralysis. Others think wine builds children's bodies or "kills worms."

## Meetings Arranged In Port Cities To Push Seaway Plans

LANSING (AP)—The St. Lawrence Seaway bandwagon began to get crowded today.

The House Marine Affairs Committee said it would start July 17 on a series of meetings in port cities to develop a "Michigan seaway plan."

Secretary of State Owen J. Flanagan, candidate for the Republican nomination for governor, Tuesday blasted Gov. Williams for "delay" in calling the Legislature to create a new state agency to

plan for the seaway's impact on Michigan. Flanagan said the time for study committees had passed.

Earlier, Williams had created a committee of state officials to organize a citizens committee to study the seaway problems.

Rep. Herb Clements (R-Deerfield), chairman of the House committee, indicated he was going ahead with his committee survey despite Williams and Flanagan.

He said the committee would meet July 17 in Port Huron and later at Detroit, Saginaw, Traverse City, Grand Haven, Benton Harbor, Bay City, Alpena, Muskegon, Holland, Ludington, Frankfort, Sault Ste. Marie, Escanaba, Marquette, Houghton and Menominee.

Army engineers and other experts will accompany the committee, Clements said. Local officials and citizens will be invited to attend.

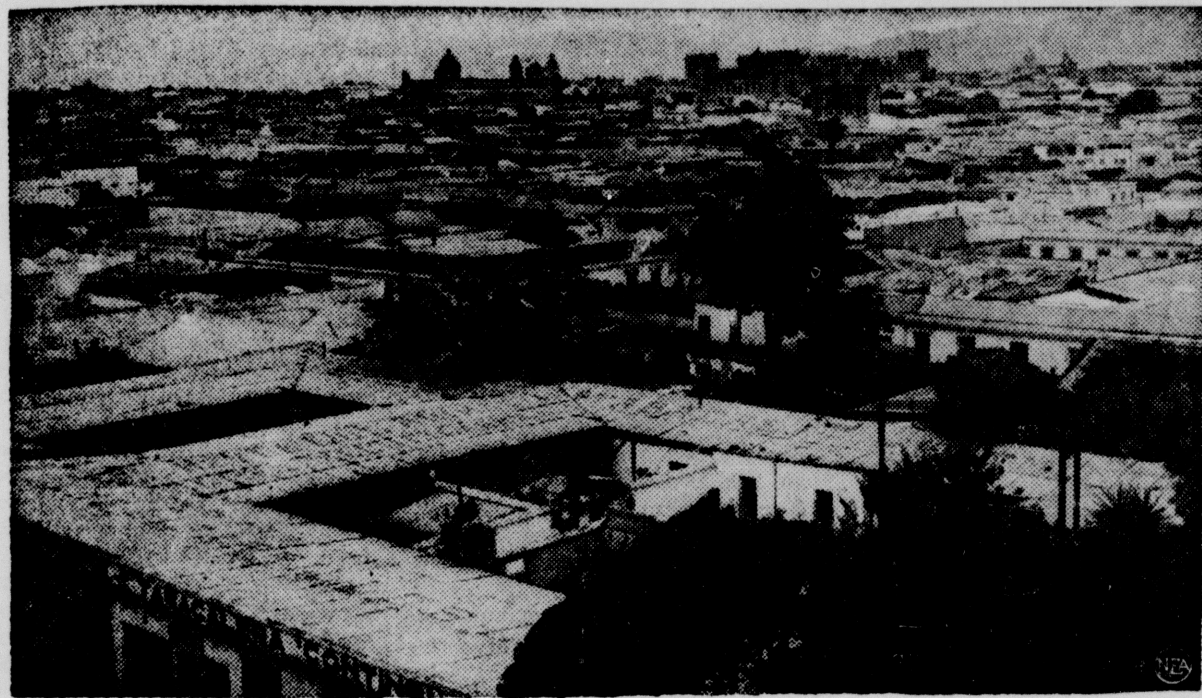

Clements said he hoped to be able to start by early October to draft recommendations for the 1955 Legislature.

### Diver Drowns

MONROE (AP)—John Procy, 44, of Monroe, donned a mask and strapped an oxygen tank on his back Tuesday. Then he dived into Lake Erie to retrieve fishing equipment.

Alton Sontag, his companion, noticed bubbles coming up after Procy's fifth dive. He lifted Procy to the surface and found him dead. The mask had slipped from his face.

## Guatemala Warned Not To Be Cats-Paw For Kremlin Scheme

By FRANCIS W. CARPENTER

UNITED NATIONS, N.Y. (AP)—The United States today firmly opposed Guatemala's request that the U.N. Security Council meet at once to act again on the Central American fighting.

U.S. Delegate Henry Cabot Lodge Jr., the council president for June, Tuesday night warned Guatemala against becoming a "cats-paw of the Soviet conspiracy to meddle in the Western Hemisphere."

Lodge said the council by a 10-1 vote Sunday had showed "it emphatically believed that the Organ-

### Woman Held 16 Years In Mental Hospitals Sues For 18 Million

DETROIT (AP)—Miss Mary W. Speers, 74, wants more than a million dollars for each of the nearly 16 years she spent in Michigan mental institutions.

Her attorney, Eugene Krasky, filed suit for \$18,000,000 Tuesday in Circuit Court. The city of Detroit, Wayne County, the state of Michigan, four doctors and officials of the various institutions were named defendant.

Miss Speers, a dignified, stately woman, was committed as a mental patient in 1936 while held in jail on a bad check charge. She was released in 1952 on orders of Circuit Judge Lila M. Neuenfeldt, who ruled her commitment had been illegal.

## Detroit Dairy Workers Strike

DETROIT (AP)—CIO dairy workers in the Detroit area voted to strike at midnight tonight to enforce demands against 26 creameries for a shorter work week without loss of pay.

Jack O'Keefe, president of Local 83, United Dairy Workers, said union members Tuesday night rejected a final company settlement offer, 1,820 to 580.

"This means a strike unless the dairies improve their offer," O'Keefe said.

A strike would affect some 2,600,000 milk consumers in Detroit, Pontiac and Mt. Clemens. However, it would cause no immediate hardship.

O'Keefe said union milkmen would deliver milk on Thursday to prevent spoilage of milk processed by the creameries today. He said the milkmen would go out on strike following completion of their Thursday runs. Processing employees in dairy plants would go out at midnight tonight, O'Keefe said.

The union said dairies would be allowed to service hospitals and health institutions and to deliver so-called prescription milk.

### Gem Brings \$36,400

LONDON (AP)—The 17th century Jehangir diamond was sold today for 13,000 pounds (\$36,400), according to tradition the diamond, weighing 83.05 carats, was originally suspended from the head of the peacock on the peacock throne in Delhi, India. Auctioneer I. Chance said the buyer was a "Mr. Zaharias," otherwise unidentified.

## Democrats Plug For Eisenhower Trade Program

By JOE HALL

WASHINGTON (AP)—Sen. Gore (D-Tenn.) declared today that Congress will deprive President Eisenhower of "minimum weapons" he needs to meet and counter the growing threat of the Communist trade offensive "if it delays enactment of his foreign trade program."

Gore is leading a fight by 22 Democratic senators and Sen. Morse (Ind-Ore) to substitute Eisenhower's broader trade program for a House-passed bill to extend the Reciprocal Trade Agreements Act as is for a year.

Eisenhower last March asked Congress to give the act three more years of life and to grant him new authority to cut tariffs up to 15 per cent over that span. But Republican leaders sat on his proposal and he agreed last month to settle for now for a simple one-year extension with the understanding that Congress would consider his basic program early next year.

As Gore took the Senate floor to speak for enactment of the full Eisenhower trade plan now, another amendment—designed to cut down imports of farm products—was given some chance of adoption.

In his prepared speech, Gore said a one-year extension of the law means that for another year our customers abroad will wonder what our long-range trade policy will be.

"It means that the Soviet and Red Chinese trade bill will look more and more tempting to our allies as they grow more restive and uneasy, waiting for us to make up our minds."

Republican leaders remained confident they could beat down a Gore substitute when it comes to a vote, probably Thursday or Friday.

## Air Crash Kills 4 Wisconsin Men

ATLANTA (AP)—Four Wisconsin businessmen on their way to Jesup, Ga., for the dedication of a new cellulose plant died in the flaming wreckage of a private plane Tuesday shortly after taking off from the Atlanta Municipal Airport.

The single-engine bonanza four-seater struck a tree, plunged to the ground and burst into flames. D. L. Jensen of Wisconsin Rapids was listed by airport records as the pilot. He was co-partner in an auto agency there.

At her Wisconsin home, Mrs. Jensen said her husband was accompanied by Ray Melville, 54, president of a concrete products company; Harry Walker, 60, vice president of the First National Bank of Wisconsin Rapids; and Ernest Schroeder, 61, operator of a trucking firm.

Schroeder's son-in-law, Ralph Kutcher, was construction engineer of the new 25 million dollar plant where dedication ceremonies were planned for today. Melville was a business associate of Kutcher.

## War Situation Not Hopeless, Solons Advised

WASHINGTON (AP)—Undersecretary of State Walter Bedell Smith was quoted as telling a White House conference of congressional leaders today that most of Indochina probably will remain free from Communist control.

"They still expect Laos, Cambodia and part of Vietnam to resist communism," a veteran senator, who asked that his name not be used, said in an interview.

The senator was one of 30 key Congress members, both Republicans and Democrats, who were invited by President Eisenhower to hear a report by Smith on the stalemate conference with the Communists at Geneva on Korea and Indochina.

### Wait For Churchill

"Undersecretary Smith gave us a detailed report on what went on at Geneva, what is expected of our allies and what the reactions of the Russians appeared to be," the senator said.

"He gave us the realities but did not regard the situation as hopeless. They had no new plan or proposals but seemed to think things might be more definite after the conference here with Churchill and Eden."

Prime Minister Churchill and Foreign Minister Eden of Britain are due here Friday for conferences with President Eisenhower and Secretary of State Dulles.

One House member, also asking not be named, said he received the impression that the State Department expects France to seek a "truce at any price" in Indochina. He spoke of the tone of Smith's review as "pessimistic."

The Guatemala situation was not mentioned, this informant said.

### Time For Action

Sen. Lyndon Johnson of Texas, the Democratic leader, told newsmen it was "just a review" and that no new policy decisions were set out.

Johnson also said he came away with the impression "it is high time we and our allies close ranks"

## White House Agents Inspect Facilities At Mackinac Island

MACKINAC ISLAND (AP)—Three U. S. Secret Service men have completed a survey of Mackinac Island facilities as a result of an invitation to President Eisenhower to use the island for his 1955 summer capital.

The inspection was made by Col. George McNally, White House communications officer, Gerald Behl of the U. S. Secret Service and William Carlson, special agent of the Secret Service in Detroit.

James P. Dunnigan and W. F. Doyle of the Island Park Commission showed the agents six summer homes available for the President's party.

Doyle said he believed the officers were impressed with the facilities and privacy which could be provided for the President.

## Jackson Banker, 73, Admits Thefts; Says Pay Was Too Small

ST. PETERSBURG, Fla. (AP)—An elderly Jackson, Mich., banker, complaining that his \$5,000-a-year salary was too low, awaited return to Michigan today to face charges in an \$88,000 bank shortage.

Roland B. Walker, 73, cashier of the Jackson City Bank and Trust Co., frankly admitted taking the money over a 16-year period "so I could live right and pay my bills," police reported. They said he told them he took the money at the rate of about \$5,000 a year.

Walker, an employee of the bank for 42 years, said he would waive extradition to Michigan. He was charged in Federal Court at Detroit Tuesday with making a false entry in the bank books, and bond of \$50,000 was ordered.

Earlier in the day the veteran banker had been picked up here on a fugitive warrant brought by Michigan state police. He had arrived in St. Petersburg Monday night after the shortages were uncovered by bank auditors in Jackson. Bank officials said Walker had

told them he was ill and wanted to go to a hospital, but came to Florida instead.

Police Chief J. R. Reichert said a heavy guard was placed on the hospital ward of the police station, where Walker was detained, because he had threatened to take his life.

Walker had charge of the bank's sale of government bonds and withholding tax collections. The FBI said he covered up his actions by replying personally to requests for statements as to bonds sold or taxes withheld then juggled his statements to make them fit.

Police quoted the tall, lean banker as saying:

"I was ashamed of my low salary. I lived frugally. But even that took more money than I earned. I was always worried somebody would catch me. It's a relief the whole thing is out in the open."

Walker belongs to a Jackson Country Club but lives in a modest house.

## Mystery Planes Drop Bombs On Honduras Town

By SAM SUMMERLIN

TEGUCIGALPA, Honduras (AP)—The Honduran government said Tuesday night mystery planes had bombed a town in Honduras. The report touched off speculation that invaded Guatemala may be striking back at the neighbor from whose soil Guatemalan rebels launched their drive against President Jacobo Arbenz Guzman's regime.

The Foreign Ministry said the planes bombed the town of Santa Rosa de Copan, key road junction 21 miles from the Guatemalan frontier. The terse announcement made no mention of casualties nor of how many planes made the raid.

Neighbor Nations Accused  
Guatemala has accused Honduras and Nicaragua of being the bases for land and air "aggression" against her Communist-influenced government. Both countries have challenged Guatemala to prove the charges.

Col. Carlos Castillo Armas, leader of the anti-Communist Guatemalan forces, moved his headquarters Tuesday night from Honduras to Esquipulas, about six miles inside the homeland.

The insurgent leader said his forces are not fighting the Guatemalan army or the Guatemalan people, only the Communist government of leftist Presidency Arbenz.

### Bloodshed Avoided

He said he was not pushing the fight farther because he does not want "unnecessary bloodshed." He said there had been no heavy battles with federal troops so far, but that there have been several minor skirmishes and some casualties.

Reports from various points Wednesday night told of scattered light action.

Guatemala City reported a rebel plane strafed the California Standard gasoline tanks there and harassed a military encampment at the edge of the capital.

Informed sources in El Salvador said an airlift of U.S. citizens out of Guatemala would begin today, but dispatches from Guatemala City made no mention of evacuation plans. There are some 1,200 North Americans in the country.

In Mexico City, Guatemalan Ambassador Roberto Alvarado Fuentes told Arbenz's forces scored three victories Tuesday. He said he had learned in a phone call from his capital that they had routed the rebels at Gualan and Chiquimula, near the Honduran border, and had counterattacked at the big port city of Puerto Barrios, a prime rebel target.

A rebel communique said anti-Communist forces have occupied three Guatemalan villages and knocked out three bridges, two of them near the vital rail town of Zacapa.

## Noted Scientist, Dr. Compton Dies

NEW YORK (AP)—Dr. Karl T. Compton, 66, one of America's top scientists and educators, who in wartime helped develop radar and worked on the atomic bomb, died Tuesday.

He suffered a heart attack a week ago.

For 18 years Compton was president of Massachusetts Institute of Technology, one of the nation's foremost scientific institutions.

Compton was chairman of the corporation of MIT since 1948 when he gave up the presidency to supervise American scientific preparedness in the cold war with communism. He was named by President Truman that year to head the national military establishment's Research and Development Board, which had overall supervision of scientific projects affecting the nation's military readiness. He resigned a year later, giving poor health as the reason.

During World War II he received the Army's highest civilian award, the Medal of Merit, and was cited as being "personally responsible for hastening the termination of hostilities."

One of Compton's last public assignments was as chairman of a commission set up by President Eisenhower last year to study universal military training. He was an ardent supporter of UMT and in 1947 advised its adoption as an urgent necessity for national security.

## Adventists To Open 4-Day Campmeet At Wilson Thursday

**WILSON**—Rev. Roy E. Eckerman, pastor of the Escanaba Seventh-day Adventist church, will head the local representation at the church's annual Upper Peninsula campmeeting which opens here tomorrow evening, and will continue through Sunday, June 27.  
Pastor Eckerman is here now assisting in the erection of the camp and serving as camp superintendent.  
The Adventist Upper Peninsula campmeeting is a yearly even designed for the convenience of church members of this area. The larger, state-wide convention will be held at Grand Ledge in August and is expected to draw upwards of 12,000.  
The campmeeting, historic method of church convention, had its origin in Michigan as far as Seventh-day Adventists are concerned some 86 years ago near Coopersville. Its primary objective of bringing a new sense of spiritual security and fellowship to those in attendance still stands today.  
This year's U. P. meet will be visited by delegates representing every portion of the peninsula. Church leaders and missionaries will be present from points as far distant as Africa with Dr. G. E. Hutches, Lansing, president of the Michigan Conference of Seventh-day Adventists, host for the event.

## Submit District Health Budget

The Delta-Menominee District Board of Health, meeting here yesterday, approved a proposed \$59,641 budget for the coming fiscal year, which will require higher county participation because of reduced federal appropriations.

Approval of the health department budget is, of course, contingent on approval of the Delta and Menominee County Boards of Supervisors in budget meeting in October.

The Delta supervisors will be asked to appropriate \$23,376 and the Menominee supervisors \$18,569 for the 1954-55 budget. The costs to each county is based upon per capita ratio, with Menominee having 44 per cent and Delta 56 per cent of the total.

Federal appropriations have declined \$1,700 below last year, while there has been some increase in health district costs. The federal allocation to the district for 1954-55 is \$9,056, about 50 per cent below the peak figure of \$18,279 to the district in 1950.

In other business the Health Board reelected Albert Kipper, Stephenson, chairman, and Jacob Bink, Escanaba, secretary. Members of the Health Board, all supervisors, are:

Chairman Kipper, Secretary Bink, Walter Manntie, Rock, Michael J. LaPine, Gladstone; Vincent O'Neil or Frank Schmanski acting as hearing examiner. One other has been postponed because the witness is not available.

Two violations to be examined are local. They are Mike L. Sparapani, 1523 Sheridan Road for selling to minors and Carlton Johnson, 429 S. 10th St. for advertising in a program or publication printed for a special occasion.

For permitting a person under legal age to work upon licensed premises, Lloyd F. Daly of Rapid River will have his case examined as will G. E. Dehlin, Gladstone and Jean Stewart of Garden for selling to minors.

# Vacationists To View Eclipse In Peninsula

Hotels and resorts in the Copper Country are reported doing a land office business reserving accommodations for June 30, when scientists and curious sky-gazers—both residents and vacationists—plan a look at the third total eclipse of the sun visible in the United States since the turn of the century.

To see this event in its totality—and many persons travel far to satisfy that urge—it's necessary to visit the Upper Peninsula, and that is what a lot of persons will do. Several reservations also have been made in Marquette and other Peninsula cities by visitors who plan to drive to the Copper Country early in the morning on June 30.

The full eclipse—once regarded as a portent in ancient times—will be first seen in northeastern Nebraska, crossing the southern part of South Dakota, the extreme northwestern corner of Iowa, Minnesota, northern Wisconsin and Upper Michigan. Zooming eastward at about 3,000 miles an hour, it then will cross Ontario and Quebec, Canada, Labrador, the south coasts of Greenland and Iceland, and the southern part of

## Garden Plans July 4 Events

The village of Garden is to have an old-fashioned Fourth of July celebration, complete with parade, baseball game, a dance and other events.

The celebration is sponsored by the American Legion Post 545 of Garden, and Richard Hermes is general chairman of the Fourth of July committee. The names of committees will be announced soon.

First event of the day will be a children's parade starting at 9:30 a. m. There will be music throughout the day by the German Band.

Meals will be served at the Community Building by the women of St. John Altar Society.

There will be a league baseball game starting at 2:30 p. m. and later in the afternoon there will be an amateur show.

Starting at 10 p. m. there will be dancing to the music of Chet Marrier's orchestra. Dancing will continue to 2 a. m.

## THOSE IN UNIFORM

**John R. Beauchamp**, son of Mr. and Mrs. Lawrence Beauchamp, 1224 Eleventh Ave. S., Escanaba, recently was promoted to private first class while serving in Germany with the 793rd Field Artillery Battalion. Beauchamp entered the Army in August 1953 and arrived overseas last January.

**Rank Promotion** — Admer A. Breitman, Gladstone, was recently promoted to the rank of Airman Third Class, the 8th Fighter Bomber Wing announced. A3/c Breitman has been stationed in Korea since Dec. 26, 1953. Previously, he was at Westover A.F.B. Mass. Upon his arrival at arrival at the 8th Wing base, he was assigned the duty of aircraft mechanic. Airman Breitman attended Escanaba High School. He has spent the past 23 months in the Air Force. His wife, Marion, and his parents, Mr. and Mrs. John Breitman, reside in Gladstone.

**WHITE PINE**—The White Pine mine project in Ontonagon county is now 81 per cent complete, according to Skillings' Mining Review, which reports that an increase of \$5,641,598 in the original loan has been approved by the government. The original loan was for \$57,185,000.

**MARINETTE** — Sister Francis de Sales, the former Doris Provancher, daughter of Mrs. F. X. St. Dennis, 1027 Carney Blvd., has received a government award citing her for 10 years of service in the Carsville leper colony near Baton Rouge, La.

**BOUGHTON** — A "ground-breaking" ceremony was held Monday to mark the commencement of construction on the Ores Research Center on the Michigan Tech campus. The new research center will include a pilot plant, machine shops, and microscopic and chemical laboratories. Its equipment will be available for using standard techniques in research. The cost of the building will be approximately \$723,000.

**ONTONAGON** — A capacity crowd overflowed the high school athletic field here Saturday evening, June 19, when the Ahmed Temple band and patrol of Marquette presented a colorful illuminated drill and exhibition, to climax the Centennial Celebration of Ontonagon Lodge No. 67, F and A. M. The Ontonagon lodge is the oldest in the Upper Peninsula. Early organization began in 1853, and the lodge has continued to grow up to the present time.

### Beer, Firecrackers, Bring Jail Sentence

Don Donahue, 17, of Bark River Rte. 1, today pleaded guilty in Justice A. T. Sohlberg's court at Gladstone to a charge of being a minor with possession of beer in a car and was sentenced to 10 days in jail when he failed to pay a fine and costs.

The arrest was made by Gladstone city police, who reported that Donahue also had firecrackers in his possession. Three juveniles with Donahue were referred to probate court for investigation.

## John Zinkel Dies In Lansing

John H. Zinkel, long time resident of Escanaba, died at 1 p. m. Tuesday at St. Luke's Hospital in Lansing. He was 79.

Mr. Zinkel had been in East Lansing, visiting at the home of a son, Raymond, the past three months.

He was born in Cooperstown, Wis., May 3, 1875, and came to Escanaba about 50 years ago. He was employed as a blacksmith by Joe Boyer and the late Joseph Dery. He retired five years ago.

He was a member of St. Joseph's Church and the Holy Name Society and also of the Modern

Woodmen of America.

He is survived by his wife, Catherine, two children, Mrs. Otto Jerovetz of Flint and Raymond J., East Lansing, three brothers, Edward, Henry and Charles, and two sisters, Mrs. A. Kohlmann and Mrs. Andrew Junk, all of Manitowoc. He also leaves five grandchildren and four great grandchildren.

The body will be brought to Escanaba Thursday morning and will be taken to the Allo Funeral Home where friends may call after 3:30 p. m. Thursday. Services will be held at 10 a. m. Friday at St. Joseph's Church with the Rev. Stephen Schneider, O. F. M., officiating. Burial will be in Holy Cross Cemetery.

## Two Gladstone Cars In Minor Accident

A minor accident occurred at 12:20 a. m. Tuesday morning involving cars driven by Charles H. Lundmark, 1602 Michigan Ave., and Alvin Gagnon, 1406 Delta Ave., Gladstone, on US-2-41, 2 1/2 of a mile north of county road 517. Both cars were traveling in the same direction.

Lundmark, driving behind Gagnon, did not see the vehicle in front of him because of oncoming cars. He hit the Gagnon car in the left rear. Lundmark's car went out of control and hit a rock pile, while the Gagnon car veered to the other side of the road and hit a tree.

Lundmark was ticketed for excessive speed.

# Arms Smuggler Prospers When Civilized Folks Kill Each Other

By LEON DENNEN

PARIS —(NEA)— At 38, Serge von Daron is rapidly becoming one of Europe's most successful smugglers of arms.

He is certainly the busiest. Though not yet a Basil Zaharoff, he is one of the most devoted followers of the mysterious Balkan "merchant of death."

When I first met Serge during the last war in Istanbul, Turkey, he was still known as Adrianu. Tall, lanky, blond with a deep scar, like a sabre cut, on his right cheek, he looked—as he still does—like a junior Erich von Stroheim. Years later I learned he was the son of a landless Romanian peasant.

At that time, I suspect, Serge von Daron (or Adrianu) was doing a bit of spying, selling his services to the highest bidder. He was one of countless shadowy characters who invaded neutral Turkey during the war.

But just before the break between Turkey and Nazi Germany he disappeared from Istanbul as mysteriously as he appeared. I did not see him again until recently, 10 years later, when I ran into him in the plush bar of one of Paris' most expensive hotels.

"What made you change your name, Adrianu?" I asked when he informed me of his new identity. "Serge is the name."

"Serge, then."

"Ah, my friend," he exclaimed striking a Napoleonic pose, "when my fortunes changed I also decided to change my name."

"What are you now, a French industrialist or still a German aristocrat?"

"Neither, my friend, neither. I'm just Serge von Daron, a European gentleman."

"And how is business, Serge?" I asked.

"Excellent, my friend, excellent," he replied summoning one of the overdressed bar flunkies. "As long as what you call civilized people insist on killing each other the Serge von Daron of

this world are bound to turn a fast buck."

The waiter approached Serge with the ingratiating servility and respect that one accords at least an ex-King or an Arab prince. But the ex-Romanian peasant was hardly impressed. He ordered two drinks without even turning his head.

"Doesn't your conscience ever trouble you, Serge?" I asked.

"Why should it? I am only one in a syndicate that includes some of the best people in Europe."

"You are human. Surely you have some principles."

"If righteous and neutral Switzerland can sell arms all over the globe—why can't I, Adrianu alias Serge von Daron?"

"Ever sell arms to Latin America?"

"You mean Guatemala, of course. Unfortunately, it is not

## Papers In Moscow Blame United States For Guatemala War

LONDON, (AP)—Moscow's newspapers joined in a bitter new propaganda blast Tuesday against the United States, accusing it of touching off the fighting in Guatemala.

The Soviet Communist party organ Pravda also renewed the perennial Russian theme that the United States is conspiring to start a new world war.

Moscow radio quoted articles from Pravda, Izvestia and Trud blaming the United States for the Guatemalan fighting.

"No matter how U.S. propaganda distorts the facts," Pravda asserted, "the whole world sees that the armed attack on Guatemala has been instigated, prepared and carried out by the U.S. ruling circles who are using their hirelings for this purpose."

"Before world public opinion, American ruling circles stand exposed as aggressors against little Guatemala."

my area. It is controlled by another syndicate. Right now our best customers are Egypt and Syria."

"What about the Red countries?"

"Sometimes I buy from them and sometimes I sell them."

"Forging the weapons of your own destruction," I said.

For the first time during our conversation Serge lost his temper and "aristocratic" composure. "Listen, my moral American friend," he exclaimed. "Your British allies are dying to sell strategic goods to the Reds. The West Germans are actually doing it right under the very noses of your American military authorities. Why should I be holier than they?"

"I did not get a chance to reply. A bell boy whispered something into Serge's ear. He jumped up, paid the bill and we shook hands."

A moment later I saw him leave the hotel accompanied by a tall peroxide blonde with a mink wrap. A smiling, bowing hotel manager escorted them to the door.

# Theater Critics Praise Margaret

MOUNTAINHOME, Pa. — Margaret Truman was hailed as the "darling Marge of the summer theater circuit" following her dramatic debut in the Pocono Playhouse Monday night.

Miss Truman appeared in the role of Katie Grey, a young American schoolteacher who finds love briefly and unhappily on a European vacation, in the play "Autumn Crocus" by Dodie Smith.

Her performance drew such audience comment as "smoothly done" and "very professional."

She was greeted off-stage by cameramen and newsmen. A critic for Variety magazine said, "Her character portrayal and acting was gracious and honest. She made the character she por-

trayed truly shy and drab as it should have been." The critic, who declined to be identified, predicted Miss Truman would become the "darling Marge of the summer theater circuit."

The daughter of the former President remained in hourly telephone contact with her father, recovering from an operation in a Kansas City hospital.

She plans a full nine weeks of similar stock appearances, winding up at Philadelphia Playhouse in the Park late in August.

## Manager's Aide Job Ends July 1

Bernard Olson, administrative assistant to City Manager A. V. Aronson, will have no job here after June 30, and his position will be eliminated despite a last-minute plea by Councilman Edward J. Cox at a special meeting of the City Council today.

The position of administrative assistant was eliminated by the Council following a review of the budget for the fiscal year beginning July 1. Olson has been here about two years. The position was created about five years ago and has been filled since.

Councilman Cox today noted that Olson has not yet found another job, that his job is important to the city, and that he should be retained until an "efficiency expert" survey is completed. The city is to hire an efficiency survey to determine whether Escanaba's administrative costs are "too high," as charged by Mayor Harlan Yelland and some of the councilmen.

### Defeated 3 to 2

The motion to have the administrative assistant continue on the job for an additional month was defeated. It was made by Councilman Cox, supported by Councilman Wesley Hansen.

"No" votes were cast by Councilmen Robert E. LeMire, Jacob Bink and Mayor Yelland; "Yes" votes by Councilmen Cox and Hansen.

City Manager A. V. Aronson, following the vote, noted that he considered the Council's action "poor treatment" of a valued employee and a disabled World War II veteran "who gave a part of himself to his country."

Mayor Yelland and Councilman LeMire said they regretted that "personalities" were being injected into the discussion.

The Council discussed the scope of the "efficiency" survey and indicated it would include administration in all departments. Additional firms are to be notified to submit proposals for the work.

### Electric Rate Hearing

City Atty. Denis McGinn reported to the Council on the status of the hearing to come before the Public Service Commission on petition of the Upper Michigan Power & Light Company in connection with a request for electric rate increase. Only the question of jurisdiction will be considered at a hearing here June 30.

The city manager reported steps being taken to obtain the service of an unbiased engineering firm to advise the city in solution of the power shortage. Council directed the manager to invite any and all firms to submit proposals for the study.

The Council awarded the job of auditing the city books and records of 1953-54 to Hilmer Johnson, Escanaba certified public accountant. Johnson's bid was \$2,250. The other bid, \$2,250, was from Andrew Skaug, Escanaba CPA.

## Alleged Communist Avoids Angry Mob At Chevrolet Plant

FLINT (AP)—An alleged Communist, Jacob "Jack" Moscou, 24, eluded an angry mob waiting for him to leave the Chevrolet plant at the 11 p.m. shift change Tuesday night.

Moscou, who was mauled by fellow workers and thrown out of the plant last Thursday, left without punching out on the time clock and ducked the mob by taking an other exit.

Moscou was named a Communist by witnesses at recent House un-American activities subcommittee hearings in Flint. Some UAW-CIO men have sought to eject all suspected Reds from Flint factories.

Meanwhile, Paul Joseph, 24, became the sixth person fired by General Motors in Flint. Joseph, subpoenaed by the House group, was on unauthorized absence for three days and automatically fired under terms of the union-GM pact.

## Wall Street

NEW YORK (AP)—The stock market declined today, but in the early afternoon some signs of resistance appeared.

All areas of the list were lower with minor exceptions. The decline extended to between one and two points. In special situations, gains went beyond a point, but plus signs for the most part were small.

Trading was at a pace near Tuesday's total of 2,100,000 shares. Among lower stocks were Bethlehem Steel, American Telephone, New York Central, General Motors, Cities Service, Phelps Dodge, Du Pont, 20th Century-Fox, General Electric, Philco, and Douglas Aircraft.

Among higher stocks were Liggett & Myers, Reynolds Tobacco "B," American Tobacco, Allied Chemical, and Aluminium Ltd.

Schenley Industries was lower on a reduced dividend and lower earnings.

U. S. government bonds were easy.

## Farmers Mutual Annual Meeting Held At Rock

ROCK — Members from five counties met Saturday, June 19, at the Finn Hall west of Rock for the annual meeting of the Upper Peninsula Farmers Mutual Fire Insurance Company to review operations for the past year. The company now has 3200 members and over \$16 million of insurance in force throughout the Peninsula.

Arne Johnson, secretary-treasurer of the Mutual, reported all time highs in assets, surplus, and premiums written during the company's 38th year. Losses incurred were 35% lower than those experienced the previous year.

Farms checked under the new inspection program total 982. Just what portion of the decrease in losses could be attributed to this fire prevention work could not be accurately gauged. It is felt that the cost of maintaining the service truck and inspector was insignificant compared to the potential savings, particularly in the prevention of losses by lightning.

The members unanimously agreed that this service should be provided policyholders without cost. Frank Brander was re-elected president of the company. Onni Johnson succeeds Paul Seppanen as vice president. Sulo Pajula was re-elected for a three-year term on the board of directors. A new director, Sulo Peltola, was elected for three years.

An Upper Peninsula wide advisory committee was selected which will meet with the board quarterly. Those on the committee for the ensuing year are: Albert Larson, Wallace, Elving Thorpe, Stephenson, Henry Glaser, Daggett, Hilding Olson, Bark River, Julius Sivula, Trenary, William A. Jutila, Crystal Falls, Edwin A. Anderson, Felch, and Urho Prusila, Houghton.

## Aspen Trees Going Fast In Michigan

MANISTEE (AP)—Michigan's aspen trees are disappearing at a swift pace.

Dr. S. A. Graham, of the University of Michigan School of Natural Resources, said Tuesday there soon may be a shortage of the once abundant slender timbers. He asked that measures be taken to preserve the aspen stand in Michigan.

A semi-chemical process for making paperboard liner material has brought a big demand for the once lightly regarded and plentiful wood.

Dr. Graham reported on a three-year study sponsored by the university's Phoenix Memorial Project and the American Box Board Co. of Grand Rapids.

at the John Stasek home in Bloomingdale, Mich.

Fern Mellon of Powers spent the weekend with friends in Schaffer.

Katherine DeLaughary is now home recuperating from a recent tonsilectomy.

Mr. and Mrs. Ed Taylor returned home Monday evening after a weekend visit in Grand Rapids and Muskegon. Accompanying them on the trip were Mr. and Mrs. Albert Taylor, of Escanaba.

# Atomic Leaders Clash Over Proposal To Give Chairman More Power

(By Congressional Quarterly)

WASHINGTON—(CQ)—A small clause in pending legislation to revise the nation's atomic program has caused a tug-of-war of political-administrative philosophies within both the Joint Senate-House Atomic Energy Committee and the Atomic Energy Commission.

The bill to amend the Atomic Energy Act of 1946 would designate the AEC chairman "principal officer of the Commission." The present Act gives the chairman no more statutory authority than the other four commissioners.

Rep. Chet Holifield (D Calif.), a member of the Joint Atomic Energy Committee, said the provision would lead to "one-man rule." He said that "all that power in the hands of one man is unthinkable. Commission rule must be maintained, with equal access for all the members to all information and to the President."

Rep. W. Sterling Cole (R. N. Y.), chairman of the Committee and co-author of the bill with Sen. Bourke B. Hickenlooper (R Iowa),

## Not Allowed To Fish Foreigner Complains

NEW YORK (AP) — Alex Faulkner, New York correspondent for the London Daily Telegraph says that when he took a vacation fishing trip to Massachusetts:

"I was told that foreigners who have not been domiciled there for a year or more are not even eligible for nonresident fishing licenses."

Faulkner says a check shows that Delaware, Kansas, Ohio, Pennsylvania and Virginia also forbid fishing by foreigners and hunting by foreigners is forbidden in these six states plus Connecticut, Illinois, Nebraska, New Jersey, New Mexico, North Dakota and Utah.

**SHELL GAME PAYS**

REDWOOD CITY, Calif. (AP) — A big dredge brings old oyster shells from the bottom of San Francisco Bay for use in making cement.

backed the approach of Commission Chairman Lewis L. Strauss, the Commission's main contact with the President as Mr. Eisenhower's personal advisor on atomic energy.

Cole argued that chairmen of the Federal Communications Commission and Federal Power Commission are called "principal officers." He said he would not have proposed the change—which he said would be of minor importance—had he anticipated the controversy. Now, however, he plans to fight for the "principal officer" provision because its deletion might be considered a "reflection" on Strauss, Cole said.

### Analysis of Bill

An analysis of the bill—written by Committee Counsel George Norris for Committee use—stated that the measure would not change the "obligation and authority" of all the commissioners to "participate in commission decisions." Norris said the chairman would be "principal officer" because his salary is \$2,000 a year more than the other commissioners get, and because he represents the President.

Naming the chairman "principal officer," Norris said, would not go as far toward "one-man rule" as former AEC chairman David Lilienthal recommended. Lilienthal advised after his resignation in 1950 that AEC should be directed by a single commissioner. Under Cole's proposal, decisions of the Commission still would be made by majority vote, Norris explained.

Three AEC commissioners—Dr. Henry D. Smyth, Thomas E. Murray and Eugene M. Zukert, all Truman appointees—have opposed any increase in their chairman's power.

Murray expressed concern in the "present trend toward centralization of authority in the chairman," Smith said, "... No one man could possibly be wise enough" to make all Commission decisions.

Murray and Smyth indicated that decisions on atomic matters had been made at the White House level without their advance knowledge.

Strauss denied he had made AEC decisions without first consulting the other commissioners. He told the Joint Committee administrative authority should be centered in a chairman for effective operation. He has been supported by the fifth commissioner, Joseph Campbell. Campbell and Strauss are Eisenhower appointees.

## Truman Gets 10 Days In Hospital

KANSAS CITY, (AP) — Harry S. Truman's physician said Monday night the former President is getting along as well as expected after his emergency operation but added "It's a pretty rough situation."

Dr. Wallace Graham said he had not allowed his patient to walk yet and he was not yet out of danger. The 70-year-old Truman, however, was talking about getting out of the hospital.

He underwent the operation for removal of his gall bladder and appendix Sunday.

He is expected to remain in Research Hospital for at least 10 days.

Mrs. Truman, who spent much of her visit to her husband's room reading the many telegrams he's received, said, "I think he is progressing. He was comfortable and he wasn't bothered by the heat today."

## Police Book Actress Marie McDonald For Hit-And-Run Driving

BEVERLY HILLS, Calif. (AP) — Actress Marie McDonald was ordered into court Tuesday after a stormy session with police officers, who said her car struck four other autos.

Miss McDonald was booked Monday under three sections of the motor vehicle code: driving while under the influence of narcotics, hit-run driving and having no operator's license.

Police said the shapely movie player screamed, tried to bite two officers who took her to a cell and then removed a shoe and shattered a light fixture. Lt. John Hankins said she kicked him in

## IN THE HOME WORKSHOP

These graceful birds in natural size and coloring add an interesting feature to the border of any garden. The bodies are cut out of solid stock or outdoor plywood. The legs are dowels available at your local lumber yard. Or curtain rods may be used. If you do not have a power jig saw, your neighborhood woodworking hobbyist can saw out the figures while you wait. Then just follow the painting guide on the pattern which will give a strikingly realistic effect against the green of turf or shrubbery. Price of flamingo pattern 394 is 25c. Patterns available in packets at \$1 each, are Lawn and Garden Figures; Homestead Improvements; Lawn and Garden Furniture. WORKSHOP PATTERN SERVICE Escanaba Daily Press Bedford Hills, New York.

## Suffers Hurt Ankle After Flying A Car

GRAND RAPIDS, Mich. (AP) — The only injury of Patrick H. Cain, 21, was a bruised ankle after his car left a road, dashed 185 feet through a gravel pit, ran up a 25-foot embankment, and hurdled a five-foot fence while soaring 135 feet in the air before landing and rolling over several times in a field.

the groin when he tried to remove her to another cell.

## Food Gives Boost To Living Costs

WASHINGTON (AP) — The government reported that living costs edged up three-tenths of 1 per cent in May due to higher food prices.

The increase brought the index compiled by the Bureau of Labor Statistics to 115.0 per cent of the 1947-49 average, or the same level as was recorded for last August, November and February. In May of last year it was 114.0.

The increase meant no change in hourly wages for one million railroad workers whose pay rates are geared by labor contract to the May index. They had stood to lose a cent an hour if the May index was below 114.8.

The living cost increase between April and May was due chiefly to hikes in prices the housewife paid at the grocery.

Foods rose in 45 out of the 46 cities surveyed, averaging eight-tenths of 1 per cent higher for the month. Higher prices for meats, fresh fruits and vegetables, frozen juices and canned orange juice were reported.

Housing costs advanced three-tenths of 1 per cent. This was due to an annual revision in the government index to take account of changing real estate taxes, mortgage interest and fire insurance

charges. Higher taxes contributed mostly to this increase. Rents were up only slightly between April and May.

Commissioner Ewan Clague of the Bureau of Labor Statistics said there have been some "quite sharp declines" for cattle, hogs, wheat and other foodstuffs during June in the commodity markets and this should soon mean somewhat lower retail prices, especially for meats.

Part of the food price increase was seasonal, with the coming to market of new crops of fruits and vegetables.

Clague said that without this food price increase living costs in May would have probably been unchanged from April.

## Drowns In River

HAMILTON (AP) — Alan De Young, a 14-year-old Hamilton farm youth drowned Monday while swimming with two friends in the Little Rabbit River near his home.

Although the sun shines 24 hours a day at Point Barrow, Alaska during July, the temperature averages 39 degrees Fahrenheit during that month.

## New Floor Care Ends Waxing

One of the most difficult jobs of housekeeping is to keep linoleum and asphalt tile floors waxed and gleaming. Now, thanks to Glaxo, it is no longer necessary to wax and scrub. All you do is apply Glaxo with a brush about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor. Glaxo is available at the Fair Store, Escanaba. (Adv.)

## Grayling Collision Takes Lives Of Four; Two From Munising

GRAYLING (AP) — Four persons were killed and one critically injured Monday in a two-car collision on US27 about three miles south of Grayling.

The victims were Robert Schuelke, 28, of Detroit; James R. Smith, 20, of Allen Park, a Detroit suburb; Mrs. Margaret Forjette, about 60, and Lois Jean Van Landschoot, 14, both of Munising.

Leonard Burke, 49, of Detroit, was in critical condition at Mercy Hospital in Grayling.

Witnesses told Crawford County Sheriff John Papendick that the Schuelke car, attempting to pass another vehicle, skidded on the rain-slicked pavement and collided with a southbound car believed driven by Burke.

Mrs. Forjette and the girl, her granddaughter, were passengers in the Burke auto. Smith was a passenger in Schuelke's car.

## Political Science Required Subject

LANSING (P)—Atty. Gen. Frank G. Millard has held that political science courses of at least three semester hours will be required after June 30, 1956, for persons receiving degrees from public-supported colleges.

The question was raised by Dr. Albert H. Burrows, head of the history and social science department of Northern Michigan College at Marquette.

Dr. Burrows said Northern Michigan College has been requiring two semester hours of government studies for all students prior to graduation.

He noted that many underclassmen have already completed this requirement and asked whether they must take another semester hour of the work or whether the requirement, ordered by the 1954 Legislature, would affect only students entering college hereafter.

Millard said, in effect, they must take the extra semester hour if they will graduate after June 30, 1956.

## British Movies Show Increased Business

LONDON (P)—The British drift away from the movies, largely attributed to television, has been stemmed, figures released by the Board of Trade indicate. In the last three months of 1953 moviegoers totaled 305,773,000. That's 954,000 more than in the corresponding quarter of 1952.

Apart from figures for the last quarter in 1951, when admissions just exceeded those for the same quarter of 1950, this is the first time since the statistics began in 1950 that admissions have shown a rise.

## Armstrong's Family Initials, U. S. A.

BAKER, Ill. (P)—Mr. and Mrs. U. S. Armstrong are among the few in the nation with the initials of U. S. A. Armstrong, 85, says:

"My father was Don Armstrong and he was a great admirer of Gen. U. S. Grant. But while I have the same first name as the general and late president—Ulysses—my middle name is not Simpson, as his was. It is Stinson, so the full name is Ulysses Stinson Armstrong."

"YOU MEAN I WON?" — Sure enough, this baby brought a prize home for daddy in the 1954 Graflex Photo Contest. J. H. Troup of Harrisburg, Pa., is the photographer who focussed on a perennially favored subject and came up with something different in expressions.

## Red Methods Boon To Businessmen

HONG KONG (P)—Chinese Communists are forcing Shanghai business men to operate their own businesses for the benefit of the Reds, says a Hong Kong trade paper. Here's how the paper says they do it:

They accuse a firm of tax defaults, profiteering or exploiting. The bill is bigger than the company can pay and the plant is declared a public-private enterprise. The management is forced to work with Communist cadres until, as the paper puts it, the Reds "learn the difference between hay and a bull's foot."

Further pressure comes from Red control of markets. So far this year, 13 of the biggest Shanghai factories have become public-private. Most of them had been crippled by tax claims, fines and lack of markets. Now they are prosperous with a flood of government orders the paper says.

## Beauty Contestant Named Marshmallow

SAN DIEGO (P)—A contestant in the Miss San Diego beauty contest was munching on some marshmallows "to settle the butterflies" in her tummy during a tryout.

Several rivals who knew her last name dubbed her "Marshmallow," a name she's likely not to forget.

Marshmallow's last name: Topping.

## Drunk Woman Speeds Police On The Way

GREENVILLE, S. C. (P)—A telephone operator called the police and said there was a woman on the line calling for help. Officers listened in, agreed it sounded bad. Four patrolmen sped to the address and found all doors locked. Entrance was gained with a pass key.

They found a drunk woman in bed with the telephone receiver off the hook. She said she was all right but wondered if the officers would get her a glass of water. They did.

LET'S NOT STOP  
with a lick and a promise!

We've got a big job of housecleaning! The government, that is!

Twenty years' accumulation has piled up a lot of government bureaus, boards, agencies, divisions, missions, commissions, projects, services — and debts! Ours is the biggest national debt in the history of the world. And, even with our staggering taxes, it's getting bigger.

If we've proved anything, we've proved that government can't spend its way to prosperity — any more than an individual, a family or a business can do it. So what do we do now?

The only thing you can do is point the finger at your Congressman. Remind him of his promises to cut taxes. One little tax cut here or there won't do it. We've got to keep at it — hard! That means cutting expenses — reducing many government projects to a minimum, eliminating others. And the money that must be spent should be for productive purposes.

That's the way to a clean, orderly house — to a balanced budget. That's the way to protect the value of your savings, pensions and other personal property.

Keep up the pressure. That's what makes for "popular legislation" — the kind of legislation that gets passed. Keep writing your Congressman.

## JoAnn Smith Is Bride, Wedding At Bakersfield

Now at home at 1019 El Tejon Ave. in Bakersfield, Calif., are Mr. and Mrs. Luther B. Jones, whose marriage was solemnized June 5 at a double ring ceremony in Christ the King Catholic Church Bakersfield. The bride is the former JoAnn Smith, daughter of Mr. and Mrs. Clyde O. Smith, 522 Decatur St., former residents of Escanaba. Her mother was Edna Moersch of this city.

The Rev. Frank Zarrett read the vows in the presence of 100 guests. The reception was held in the garden of the Smith home. Assisting were Mrs. Anna Hulem, Mrs. Jack Pritchard and Mrs. Lee Aubrey.

The bride's wedding ensemble was a nylon tulle gown over white satin. Her fingertip veil was caught to her coiffure by a sweet-heart tiara of lilies-of-the-valley. She carried a white orchid on a white prayerbook.

Matron of honor was Mrs. Glenn C. Smith of Arcadia, who wore an apricot lace gown over aqua taffeta. She wore a matching floral headpiece and carried a colonial bouquet of aqua-tinted Esther Reed daisies.

### Bridal Party

Other members of the bridal entourage were Miss Annie Kidd and Miss Sue Aubrey, who wore peach and yellow net gowns over taffeta. They carried colonial bouquets of Esther Reed daisies. At the guest book was Miss Mardell Smith of Palmdale, who was costumed in yellow net over taffeta.

Mr. Smith escorted his daughter down the aisle. Standing with Mr. Jones as best man was Howard Roland while Glenn Smith of Arcadia, Kenneth Smith and Orval Smith showed 100 guests to their places.

The church was attractively appointed with Marconi daisies, white and apricot-colored gladioli and Shasta daisies for the ceremony.

Their honeymoon trip took them to Pismo Beach. The bride donned a navy shantung suit for traveling. To her shoulder was pinned a white orchid corsage.

The bride attended Bakersfield High School and College and Fullerton College. Mr. Jones, a medical technician, was educated in Tennessee.

### Witness Ceremony

Out-of-town guests included Mr.

MARRIED 25 YEARS—Mr. and Mrs. Albin Lauson, Gladstone Rte. 1, will observe their silver wedding anniversary Sunday, June 27, at an open house for relatives and friends from 3 p. m. to 9 p. m. The couple was married by the Rev. John Hugo at the Calvary Baptist Church parsonage, Escanaba, June 29, 1929. Their attendants were Mrs. Gabriel Bostrom, Escanaba, and Walter Mattson, Mrs. Lauson's brother, of Newberry.

## Clyde Moersch's Return From West

Mr. and Mrs. Clyde Moersch and children, Bonnie, Dave and Gary, have returned from a three weeks' vacation at Oildale, Calif., as guests of Mr. and Mrs. Clyde O. Smith and Mr. and Mrs. Ed Waydzak. While there, they attended the wedding of the Smiths' daughter, JoAnn, to Luther Jones. Mrs. Smith is the former Edna Moersch and Mrs. Waydzak is the former Hazel Moersch of this city. The Smiths are former Escanaba residents.

They also visited friends at Long Beach, Redondo Beach and Arcadia. Well-known places they saw in California were the famous Ghost Town at Knobsberry Farm and California Hot Springs. Enroute home, they visited the Grand Canyon, the Painted Desert, the Well at Greensburg, Kan., and they saw the world's largest meteorite. At Marshall, Mo., they visited with Mrs. Jim Lang and daughter, Janice. Mrs. Lang is the former Jean Erickson of Escanaba.

# New Drug Removes Pain While Patient Remains Conscious

By RENNIE TAYLOR  
AP Science Reporter  
SAN FRANCISCO, (AP)—A drug designed to make people insensible to pain but to leave them conscious and able to move may give surgery a new substitute for anesthesia, a Mayo Clinic doctor reported.

This preparation does for the entire system what a local anesthetic does to a specific part of the body. Dr. John S. Lundy told the American Medical Assn. Dr. Lundy is head of anesthesiology at Mayo.

A patient can be taken to complete anesthesia and then brought back quickly, Dr. Lundy said. The

drug is called dolitron and was developed by William S. Merrell and Co. of Cincinnati. Dr. Lundy is the only one who has used it so far. He tried it on 127 patients, most of them dental cases.

The new drug may be of value in childbirth, the physician said, because the woman patient would be able to obey instructions from her doctor on what to do to speed delivery. Since she would retain the ability to use her muscles, her blood circulation rate would not slow down greatly, and this would be beneficial to the child.

Five of the patients had hemorrhoid operations. In these cases the dolitron was used along with curare, an arrow poison much used in medicine. Afterward only one of the five needed morphine to control postoperative pain, Dr. Lundy said.

The drug is injected into the vein. Two or three of the total group of patients had swellings in their veins afterward, the physician said, but no serious reactions. Analgesia, he added, is safer than anesthesia.

## General And Wife To Feel At Home

CHARLESTON, S. C. (AP)—Gen. Mark W. Clark, former Supreme United Nations commander in the Far East, was made to feel perfectly at home soon after assuming the presidency of The Citadel here.

On a stroll about the city, he passed a store and the shopkeeper called out: "Hello, General, how are you getting along?"

"Fine, thank you," Clark replied.

"Just wanted you to know," the shopkeeper said, "that your wife was in here a few minutes ago and bought you a pair of shorts. If they don't fit, just bring them back."

"That," Clark said later, "convinced me that we had arrived." Mrs. Clark added that "That's never happened to us before."

## Idaho Potato King Doesn't Own Land

Newsfeatures  
TWIN FALLS, Idaho — Joe Marshall, the "Idaho potato king," doesn't own a single acre of land, yet he ships thousands of choice potatoes every year.

Marshall deeded his land to his children some years ago and now manages a number of farms. His name on potato sacks is well known in the market.

He raised his first potatoes in 1908. The product wasn't too good. Through careful selection of seed, he developed the familiar oval russet potato marketed today. But he didn't really get started in the potato business until after a two-year stay in Utah from 1919 to 1921 when an irrigation contracting job misfired.

"I returned to Twin Falls just \$36,000 worse than broke," he says.

He started farming in earnest. It was in 1922, 1923 and 1924 that he started acquiring the potato king title.

There's no mystery about growing choice spuds, Marshall insists. "All it takes is good seed, good land and proper care."

Marshall is 80 but still active. For an operation the size of his, you'd expect a fair sized office staff, but his office is one small filing cabinet in his home and the pockets of his overalls.

## Grouse Fewer, Deer Increase

LANSING (AP)—Fewer ruffed grouse but more deer were reported sighted by rural mail carriers in the north, the Conservation Department announced.

The carriers censused the game species during their regular runs for two weeks, under a cooperative arrangement with the department. They covered the northern Lower Peninsula and the Upper Peninsula.

The grouse decline, game workers said was not surprising, since they are on the down side of their population cycle all over the continent.

The deer increase was rated slight in the Upper Peninsula. The rise in deer numbers was somewhat greater in the northern Lower Peninsula with the greatest rise in the northernmost counties.

Compilation of hunters' report cards to the Conservation Department also disclosed an estimated 1,210 black bears were bagged last year.

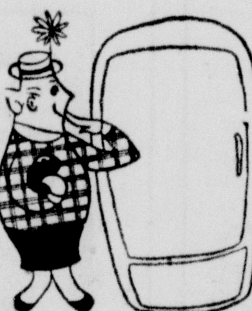

This, game workers said, was no significant change from the 1,157 computed kill in the previous year.

## Tornado Carries Dog For Miles

LONG GROVE, Iowa (AP)—A tornado apparently whisked a dog several miles through the air, then put him down unhurt. Basil Hilton, Long Grove farmer, said his shepherd dog, "Bob," went to his bed in the garage. The twister picked up the garage and carried it away. After the storm there was no sign of Bob. But two hours later he was at the door, frightened and whining, Hilton said.

# A Revolution in Motor Oils Reduces Wear 40%

**WORLD'S FIRST!** Automotive engineers and lubrication experts know that the toughest standard ever set up for automobile lubrication is the Mil-O-2104 Supplement 1 test. And the first all-weather motor oil to meet the severe requirements of this test is the revolutionary new Phillips 66 Trop-Artic.

Compared to ordinary motor oils, new Trop-Artic reduces wear 40% or more! It cuts oil consumption 15% to 45%. It keeps pistons cleaner. This new oil can even double the life of your car's motor! And it extends gasoline mileage by reducing friction.

Trop-Artic is a superior all-weather motor oil . . . S.A.E. 10W-30. It can be chilled to a temperature below zero, and still flow easily for quick starting. Yet at 180° it retains the film strength needed for protection at high temperatures. Get new Trop-Artic Motor Oil from your Phillips 66 Dealer.

## State Prisons Still Crowded

LANSING (AP)—A total of 165 prisoners have been released from Michigan prisons ahead of schedule in less than a year since a new good behavior time law has been in effect.

But despite this relief, the prison population continues to climb to new heights, Corrections Director Gus Harrison said.

A new law eliminating Michigan's controversial double standard of good time was passed by the 1953 Legislature. Eliminated was the lower rate of good time allowed prisoners serving other than their first sentence and those who had served sentences in other states.

This double standard was said by penologists to be one of the principal reasons for unrest in the prisons.

Since it took effect, 40 prisoners were released on reaching the end of their sentences, less the new high rate of good time.

Another 125 have earned parole ahead of the time they would have under the old law and have been released.

Eventually, Harrison said, a total of some 2,000 who started earning good time under the old law will be released earlier.

But, Harrison added, the prison population today stood at a record 9,452. This compared with 9,404, the high point before the prison riots of 1952.

The overflow, so far, has been accommodated in prison camps, dormitories, Ionia Reformatory and Marquette Prison.

"If we don't get more space soon, I don't know what we're going to do," Harrison added.

The Legislature has appropriated planning money for a \$2,600,000 minimum security prison to house 600 men at Ionia, but Gov. Williams and the Corrections Commission have protested the amount is not enough to build the facility.

**CUPID MELTS THE POUNDS OFF**—Parking lot attendant, Marvin "Fats" Sample, 35, weighed 307 pounds, left, last July. His girl, Maxine Bailey, said she'd marry him if he reduced to 180 pounds. By December, Marvin was down to

207 pounds, short of the mark, but Maxine married him anyhow. Since the wedding he has taken off 37 pounds and is now down to a trim 170, right.

## Bartenders Won't Let Barmaids Into Union

DETROIT (AP)—Male members of the Detroit area bartenders union (AFL) Monday voted to keep women out of their ranks.

The male bartenders rejected a move by Steve Spilos, union financial secretary, to gain admittance for the numerous Detroit area barmaids.

Spilos was the only member to vote for the women bartenders.

The Michigan Barmaids Assn., however, was unperturbed by the vote.

A ruling on the law is pending in federal court.

Court Of Honor  
Held By Scouts

Girl Scout Troop 17 held a Court of Honor last Thursday at the home of Mrs. Tom Hite, Superior Avenue, who serves as leader of the troop.

Nineteen members of the troop received their senior Girl Scout pins.

Five of the group, namely, Joyce Brewer, Janice Kent, Susan Ebbeson, Nancy Hite and Mary Ann Paine, were presented with curved bars, which they had earned.

Other members of the troop who earned and received awards are Frances Anderson, Maturcy Anderson, Ruth Anderson, Carol Apelgren, Yvonne Closs, Dorothy Elegreest, Jane Goodman, Anita Rivers, Barbara Rose, Mary Sue Sabourin, Karen Hult, Alice Oat-hout, Camilla Peterson and Margaret Ulrich.

The troop is now camping at Wells Park in Menominee County. They were accompanied by Mrs. Ted Goetz.

Shirley Danielson  
Gets Masters Degree

Shirley Snell Danielson, daughter of Mr. and Mrs. Eric K. Snell of Kipling received her master of psychiatric social work degree from the University of Wisconsin in Madison on June 18. Mrs. Danielson is a graduate of Gladstone High School and the Northern Michigan College of Education.

She received her bachelor of arts degree in secondary education and social work in the latter school.

Prior to doing 2 years of graduate study in Madison, Mrs. Danielson was a member of social service staff at Newberry State Hospital and also worked at the child guidance center in Marquette.

She will spend the summer at the home of her parents and in Marquette.

City Briefs

Mr. and Mrs. Alfred Hart and family and Larry Carlson have returned to Gladstone after having spent the past week at Spread Eagle, Wis., and Iron Mountain visiting with friends and relatives.

James Bedore has arrived from Tampa, Fla., to make an extended visit at the home of his son-in-law and daughter, Mr. and Mrs. Tom Hite, Superior Ave.

O. K. Fjetland, Lansing, formerly of Gladstone, spent the weekend as the guest of B. R. Micks at the Mick's cottage at Haymeadow.

Trooper Bill Sciamanna of the Paw Paw post, Michigan State Police, visited with friends in Gladstone yesterday. Trooper Sciamanna is a former member of the local post.

SCRUB TIME — Linda and Kenneth Spencer, of Schenectady, N. Y., give their new German picturebook a scrubbing while taking a bath in the family tub. Don't be alarmed, the book, manufactured of water-resistant plastic, is one of the novelties introduced at the annual toy fair in Nurnberg, Germany.

Mary A. Burton  
Is June Bride Of  
Willard L. Young

Miss Mary Adele Burton, daughter of Mr. and Mrs. Loun Burton, 705 Superior Ave., became the bride of Willard L. Young, son of Mrs. James Young, 405 Michigan Ave., at a double ring ceremony Saturday morning at All Saints Catholic church. The Very Rev. Fr. Alphonse Cognard was celebrant of the Nuptial Mass.

The student choir, accompanied by Marjorie Bolger, organist, sang the music of the Mass.

The bride attendants were Mrs. John Closs and Robert Young, brother of the groom. Ushers were John Closs and Donald Snowaert.

For her wedding the bride chose a white taffeta and lace floor length bridal gown, styled with a fitted bodice and short sleeved bolero of lace. A fingertip veil, fashioned of gathered nylon net was secured by a beaded tiara. She carried a bridal bouquet of white carnations centered with red roses.

The matron of honor was gown-dress in a lavender net over taffeta dress with a strapless top and lace bolero. Her headress consisted of lavender leaves trimmed with white flowers. She carried a bouquet of pink carnations.

For her daughter's wedding, Mrs. Burton chose a seagreen colored dress with white accessories. A corsage of blue and white carnations adorned her shoulder.

The bridegroom's mother wore a pink and blue floral print on white background with white accessories. Her corsage consisted of white, blue and pink carnations.

A reception was held at the Legion hall with over one hundred friends and relatives attending.

Following a wedding trip to an undisclosed destination, the newlyweds will live at 403 Michigan Ave., City. For going away, the bride chose a navy blue suit with white accessories.

The bride and groom are both graduates of Gladstone High School. The bride is employed at Kregge's store in Escanaba and the bridegroom, at Marble Arms Mfg. Co.

Out of town relatives attending the wedding were, Mr. and Mrs. Frank Cheesman, St. Ignace and Mrs. George Jehu, and Mr. and Mrs. Hiram Kelly Traverse City, Mr. and Mrs. Warner Erickson, Escanaba and Mr. and Mrs. Herbert Wolfe, Marquette; Mr. and Mrs. Karl Nowatska, Alexandria, Va., Mr. and Mrs. Walter Anderson and family, and Mrs. William J. Young, Iron Mountain; Mr. and Mrs. Vilas Young, Manistique, Mr. and Mrs. John Lahti, Bessemer; Mr. and Mrs. Wilmer Beckstrom and family, Mr. and Mrs. John Bernsten, and Mr. and Mrs. Eino Anderson and family and Mrs. Ray Waeghe, Escanaba.

Mr. and Mrs. Rex Stowe accompanied the group to lower Michigan.

While Nelson was in Marinette, Wis., over the weekend, entry was gained to the house by removing a rear screen door and breaking a padlock on the back door. Nothing was reported stolen.

The police reported that a telephone call was made by a woman to a Manistique taxi office from the Nelson residence. When the taxi called the party back a man answered. There are no suspects as yet.

Brothers Meet  
At French Base

A 2 C David Doremire and his brother, Sgt. Leonard Doremire, recently met in France, the first time they had seen each other in three years, according to a letter received by their parents, Mr. and Mrs. Leonard Doremire, City.

Sgt. Doremire told of his surprise one day while walking to 'chow' at his new base in France when someone took him by the shoulder and whirled him around and here was his brother David. David, in his letter told of seeing the brother from the rear and side and stated 'I would know that head anywhere.' That was what prompted him to take the man by the shoulder before greeting him.

Sgt. Doremire had recently been transferred to the Air base that his brother was stationed at.

Needless to say the reunion of the two brothers was a pleasant occasion.

Legion Reveals Program  
For July 5 Celebration

With Fourth of July Committee Chairman Harvey Quick hoping "to have the best Fourth yet," Manistique Post 83, American Legion, Tuesday revealed plans and tentative arrangements for the 1954 holiday celebration, to be held July 5 since the Fourth falls on a Sunday.

Beginning with a parade at 9:30 a. m., the day's activities windup with the "biggest" fireworks display "ever" at about 9:30 p. m. Following the opening parade will be a "kiddies and pets" parade that starts at 10 a. m.

Street sports on both the city's east and west sides will be sponsored by the Legion following dinner. Baseball will be played at the Fairgrounds field with the Manistique Cardinals playing an opponent to be named later this week.

Civil Case Continues  
Third Day In Court

With the civil suit of Jack Ley vs. L. E. Wilson et al dragging into its third day today, the Schoolcraft County circuit court interrupted the complicated Ley-Wilson proceedings Tuesday to render judgement in another civil case and a chancery matter.

William Hood, Manistique, attorney for plaintiff Ley, a Muskegon automobile dealer, spent most of Tuesday questioning defendant Wilson, of Manistique, on disbursements from \$17,390 received from the government. Hood was attempting to ascertain the nature of Wilson's assets in order to execute a judgement against him to render a judgement against him of \$2,426.97. The judgement had been obtained Dec. 10, 1953.

In the other civil matter Tuesday Elmer Beaudry of Gladstone obtained a judgement for \$448.21 plus costs against Jack Wilson of Manistique. Jack Wilson, doing business as Wilson Motors, and son of the defendant in the first case, had bought a 1951 automobile from Beaudry in September, 1952.

Jack Wilson paid \$775 of the \$1,180 cost of the car but has not paid the remainder, Beaudry claimed. Of the \$448.21 award, \$31.37 is for interest. Beaudry was represented by Clair J. Hoehn of Gladstone.

L. E. Wilson indicated to the court, presided over by Circuit Judge Richard W. Nebel, Munising, that he had used the entire \$17,390 to pay both personal debts and amounts owed by Wilson Motors. Hood questioned the defendant about various instances where television sets had been given to creditors for payment or part-payment of debts.

Wilson Motors, the defendant testified, went into the television business in November, 1953. L. E. Wilson had transferred Wilson Motors to his son, Jack, the preceding July, he said.

Investigation Continues  
In Thompson Complaint

State Police are still investigating a breaking and entering complaint registered by Joseph Nelson of Thompson. Nelson's home on U. S. Route 2, three-quarters of a mile west of Thompson, was broken into sometime between 1 p. m. Saturday and 6 p. m. Monday.

While Nelson was in Marinette, Wis., over the weekend, entry was gained to the house by removing a rear screen door and breaking a padlock on the back door. Nothing was reported stolen.

The police reported that a telephone call was made by a woman to a Manistique taxi office from the Nelson residence. When the taxi called the party back a man answered. There are no suspects as yet.

Mrs. Albert Tatrow will be in charge of the apron booth and Mrs. William Swaer and Mrs. Virgil Winter will be in charge of the games and fish pond.

Briefs  
Mrs. George Boudreau has returned to her home after being a medical patient at Schoolcraft Memorial Hospital for the past several weeks.

Mr. and Mrs. Walter Deloria and Mary Anne of St. Ignace are spending some time at their home in Garden.

Victor Borga left Sunday for Marquette to enroll in the six weeks' summer session at Northern Michigan College of Education to continue study on his masters degree. Mrs. Borga and their daughters, Rosalie and Celeste, will remain in Garden.

Masses at St. John's Church will be held at 6:30 a. m., and 10 a. m., at Garden for the next two Sundays.

Mr. and Mrs. Erwin Thennes and daughter of Gladstone visited relatives here Sunday.

Waiting A Year,  
Not Budgeting

BOSTON (AP) — Rep. Ernest A. Johnson of Worcester, a barber, and Charles E. Shepard, a farmer who is budget director for a legislature ways and means committee, worked out a system which allows state agencies to use existing funds to make necessary repairs and replace essential equipment — as the need arises. Such out-of-hand repairs, with only the approval of the state budget commissioner, are credited with being far more economical than waiting a year for an appropriation — while the state property deteriorates. Johnson thinks savings are as high as a million dollars a year.

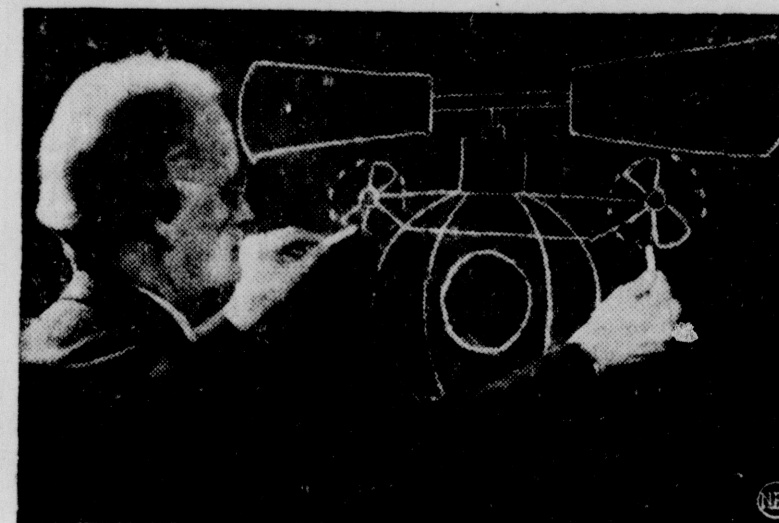

Couldn't Find Man  
In Hospital Ward

OMAHA (AP) — The visitor walked into the hospital and asked to see patient McMorris. Nurses gave him a room number, but neither of the men in the room was the one he sought.

Back in the office he gave a first name. The nurse exclaimed: "Oh, you mean McMorris No. 1. He went home."

Seems McMorris replaced McMorris in the same room, same bed and same name. No relation.

More people get more news from newspapers than from all other sources combined.

QUICK ON THE DRAW—Prof. Auguste Piccard uses both hands to illustrate his latest invention in Brussels, Belgium. It's called the "Mesoscaphie," an underwater helicopter in which he plans to do underwater (6000 feet) research. A rotor above the conning tower is supposed to allow the sphere to descend vertically. Two powered propellers, protruding diagonally from the lower base will propel the "Mesoscaphie" forward and backward.

Legion Reveals Program  
For July 5 Celebration

Both participants in a 6 p. m. softball contest to be played at the new diamond will also be announced later this week. Starting at 7:30 p. m., a music festival at Hall Stadium will commence with a concert by the Manistique Municipal Band, led by Ferd Gorsche.

After the band performance the local American Legion drum and bugle corps will perform followed by an exhibition given by Boy Scout Troop 460's drill team. A baton twirling contest has been tentatively scheduled by the committee, consisting of Emery Barnes, Clifford Cool, Quick and John Wood.

The feature presentation before the fireworks, however, will be a performance by the Charles Young (all-Negro) American Legion Post 77 drum and bugle corps of Detroit.

The morning kiddies parade will assemble at the Triangle Park immediately following the first event, arrangements co-chairman Mrs. Edward J. Doyle revealed Tuesday. Sponsored by the Legion Auxiliary, the parade will march down N. Cedar St. to Hall Stadium.

An innovation in the parade will be a section for pets. The kiddies' parade is "for all youngsters in the area," according to Mrs. Doyle.

Prizes will be awarded in the kiddies' parade to these youngsters with the most "patriotic, comic, original or pretty" costumes. Awards will also be made in the doll buggy, tricycle and bicycle categories. The biggest, smallest, prettiest or ugliest pet will also receive a prize.

All those in costume for the parade will obtain refreshments and a prize after the festivities at the stadium. Leaders, workers and judges for the events will be announced this week.

Co-chairman with Mrs. Doyle for the arrangements is Mrs. Antone Weber.

Fords Conquers  
National Guard

Fords scored one marker in the sixth and three tallies in the seventh to break a 6-6 tie and go on to overcome National Guard, 10-6, in City softball action Tuesday night on the new diamond.

A walk to Junior Middaugh to open the sixth, a fielder's choice hit into by Francis Selling and some fancy base-running gave Fords their tie-breaking run.

After Art DeMars had struckout to open the final frame, Frank Rydquist walked and stole second. Jacob Weber, next up, also drew a base on balls. Successive doubles by Don Martin and Middaugh notched the three insurance runs for the victors.

Fords had grabbed a 1-0 lead in the first off the slant of Warren Wilson, picked up two more in the second and three in the fifth. National Guard evened the count at six with two runs in the last of the fifth behind Marv Anderson's walk, George Danko's single and a two-bagger by Jack Wilson.

National Guard, hitting against Weber, had tallied two in the second, one in the third and one in the fourth.

In the second game, Top of Lake scored twice in the seventh inning to defeat Christy's Bar by a 5-4 margin.

Judge Sentences 3;  
Seney Man Fined  
For Bad Check

Judge Edward J. Doyle sentenced a Seney man for passing a bad check and fined two motor vehicle operators in Justice Court Tuesday.

Eino Pelkie was fined \$25 and \$5 costs or ten days in the county jail for giving a non-negotiable check to Vernon Cummings of Lakefield. Pelkie, 50, an electrician currently employed as a plumber's helper, was also warned by Judge Doyle to refrain from continuing the bad-check practice in the future. State Police trooper Bill Scales arrested Pelkie after Cummings requested his apprehension. Pelkie paid the \$25 fine and was released from jail.

Louis Salter, of 211 N. First St., Manistique, was fined \$4 for improper left-turn in the city. Lawrence A. Meyer, a Gladstone truck driver, also paid a \$4 fine for driving without a chauffeur's license.

## Hawks Star Ted Olson Takes Job In Bay City

Ted Olson, a mainstay of the Escanaba Hawks during their first four seasons in the fast Northern Michigan Hockey League, has accepted a position with a large industrial firm in Bay City, Mich., and will leave Escanaba this Sunday to begin his new job.

"Big Ted", as he is familiarly known to hockey fans, will be employed in the engineering department of the Industrial Brownhoist Corporation, producer of large railroad loading cranes. His wife, Ruth, and their three children will join him in Bay City as soon as housing facilities are available.

His loss to Escanaba will come as a blow to hockey fans of this area who only last April saw him score the winning goal in the overtime to wrest the U. P. championship from Portage Lake and the Copper Country for the first time in many, many years.

**Fine Clutch Playing**

In fact, Escanaba's accomplishment of winning the U. P. championship and Doc Gibson trophy in only four years in the league is a tremendous achievement and it is largely due to Ted Olson's clutch playing in the Gibson trophy playoffs.

In all, he scored 16 goals in the three-game semifinals with Marquette and the five-game finals with Portage Lake. But it was the clincher at 9:58 of a breathtaking overtime period in the fifth and deciding game against the Houghton sextet that fans will be talking about for decades. It highlighted a great Escanaba drive from the league cellar to the Upper Peninsula championship and left Copper Country fans speechless for minutes after the game.

Ted came here in December 1950 with his brother Mark to form the nucleus of Escanaba's entry in the N-M circuit. Both were highly regarded engineer graduates of the Michigan College

of Mining and Technology of the class of 1950.

**Worked At Harnischfeger**

Ted, a mechanical engineer, was employed at the Harnischfeger truck crane plant as an industrial engineer engaged in time studies, methods and processing. Mark was employed as an electrical engineer at the Harnischfeger welder plant.

With Burt Petaja, they formed one of the best forward lines in Tech hockey history and started together there for four seasons. Petaja now has his own contracting business in Detroit but has "commuted" to Escanaba to play for the past four seasons.

Ted Olson was leading scorer at Tech his second year and Mark was leading point-getter at center the other seasons. Mark, who is playing coach and captain of the Escanaba Hawks, will remain in Escanaba, he said before leaving for Priest River, Idaho, to participate in the world's championship birling tournament this month.

**'I Hate To Leave'**

In addition to hockey, Ted has played two years of softball with Harnischfeger teams, has coached junior hockey and taken an active interest in Escanaba youngsters in other ways. During his three and a half years' residence in Escanaba, he served as Sunday School teacher at Bethany Lutheran church.

"I have enjoyed very much working at Harnischfeger and living in Escanaba," he said yesterday. "I hate to leave but this opportunity is too good to overlook. I certainly wish the Escanaba Hockey Association all the luck in the world in defense of the U. P. championship this coming season."

"Hockey in Escanaba has progressed far and has a great potential. Junior hockey should be developed to the fullest extent to assure future success. I'll always be interested in Escanaba."

## U.P. Junior Golf Tournament At Escanaba Club On July 8

Promising young golfers from many points in Upper Michigan will compete in the second annual Upper Peninsula junior golf tournament to be held on the Escanaba Golf Club course Thursday, July 8.

A one-day 36-hole medal affair, the 1954 junior classic will again be sponsored by the Escanaba Junior Chamber of Commerce and the Escanaba Daily Press. The tourney is open to all young men in the U. P. who will not have reached their eighteenth birthday before Aug. 15, 1954. Those whose 18th birthday falls on Aug. 15 will be eligible.

The youthful par-chasers will play for the right to represent the U. P. in the state Jaycee junior golf tourney at the Arbor Hills Country Club course in Jackson, Mich., Monday and Tuesday, July 12 and 13. Winners there will go on to the United States junior meet in Albuquerque, N. M., Aug. 16-21, and the national champion will

be flown via TWA commercial plane to Europe for the international junior championship.

U. P. junior tourney officials said the 10 lowest scorers in Escanaba July 8 will be eligible to compete in the state junior event July 12-13. Tourney sponsors will send the champion and possibly a full four-man team to the state tourney.

Facilities for housing and transportation will be provided for all out-of-town entries, it was reported. The course will be open for practice at 4 p. m. Wednesday, July 7, and medal play will begin at 8:30 a. m. Thursday, July 8.

"We certainly hope that as many young men as possible will enter the U. P. junior tournament," Jack Manning, tourney chairman, said this morning.

"One of our prime purposes in conducting this tournament is to give youngsters the benefit of competitive experience and to meet in friendly competition with other

young men from elsewhere in the Upper Peninsula.

"The entry fee is as low as tourney sponsors felt they could possibly make it. Naturally, we want as big an entry list as possible so the tourney will be a big success. With a low entry fee, we hope interested adults will sponsor some promising young golfers who otherwise might not be able to compete."

Golfers throughout the U. P. may enter through the sports editor of the daily newspaper in the area in which they live, with the golf professional in their locality or through the Junior Chamber of Commerce.

Sports editors, golf professionals and Junior Chamber officials throughout the U. P. have been supplied with entry blanks and all necessary information about the event.

Michigan High School Athletic association regulations have been checked and double-checked this year in order to insure that no competitor will endanger his eligibility. No merchandise awards

will be given. Winners will receive \$160 medals inscribed with these words: J. C. of C. Golf, 1954.

Entries must be filed by Saturday, July 3, and must be in the hands of the tournament manager by Monday, July 5. Individual entries may be sent directly to the Manager, U. P. Junior Golf Tournament, Escanaba Golf Club, Escanaba, Mich.

### Moon And Tuttle Are Top Rookie Candidates

NEW YORK (AP)—Wally Moon of the St. Louis Cardinals and Bill Tuttle of the Detroit Tigers loom as the strongest candidates for the major leagues' rookie-of-the-year awards. Moon is batting .337 and Tuttle .319. Both are fine defensive outfielders.

Others likely to receive serious consideration in the National League are Hank Aaron of Milwaukee (.281); Ernie Banks, Cubs (.281); Don Hoak, Dodgers (.280); Corky Valentine, Reds (.6-5) and Gene Conley, Milwaukee (.5-3). In the American League, Jim Finigan, A's (.317); Rudy Regalado, Indians (.275); Bob Grim, Yankees (.8-3) and Bob Trice, A's (.7-4) probably will be in contention.

### Yesterday's Stars

(By The Associated Press)

Batting—Jim Greengrass, Cincinnati Redlegs, hit two home runs as the Redlegs ran their winning streak to five with a 13-1 victory over Brooklyn.

Pitching—Steve Gromek, Detroit Tigers, checked the New York Yankees on eight hits for his ninth victory, winning 4-1.

## Gromek's Yankee Hex Is Good For 4-1 Win Over World's Champs

By JOE FALLS

DETROIT (AP)—What is this strange hex Steve Gromek holds over the New York Yankees?

Nobody can explain it, not even Gromek himself.

"I can't figure it out," said the 33-year-old righthander of the Detroit Tigers, after whipping the Yankees 4-1 Tuesday.

Gromek is one of the few pitchers

in his ninth victory against six losses. Detroit scored twice each in the third and seventh innings but the turning point of the game very likely occurred in the second inning. That's when Al Kaline, Detroit's rookie rightfielder, threw out Jerry Coleman at the plate on Joe Collins' single to right.

**Could Have Been Bad**

That would have given the Yankees a 1-0 lead and perhaps led to a big inning with Mickey Mantle, Yogi Berra and Irv Noren waiting to hit.

In the third inning, the Tigers put together four soft singles and two barks by Bob Wiesler, Yankee starter, to score twice. In the seventh, a walk and a trio of singles by Ray Boone, Walt Droppo and Bill Tuttle wrapped it up.

Wiesler, 23, had joined the Yanks only a few hours earlier, having been recalled from Kansas City.

It could be—and this is only speculation—that manager Casey Stengel figured he could whip the Tigers with a second-line hurler and save his top-liners for the vital Cleveland series this week.

for the left-hander, who was traded 10 days ago. He drove in two of the A's four runs off Early Wynn, who suffered his fifth loss.

Virgil Trucks joined Bob Keegan as the American League's only 10-game winners in Chicago's victory over Washington. He needed help from Morrie Martin, however, as the Senators fought back from a 7-0 deficit.

Manager Casey Stengel was bounced for arguing for the third time this year as his Yankees bowed to Steve Gromek and the Detroit Tigers. The Yanks collected eight hits but couldn't score until the eighth.

**Irvn Beats Braves**

The Giants trailed 2-1 going into the last of the ninth. A walk, a sacrifice, a single by Don Mueller and a double by Willie Mays tied the score. Then, with the bases loaded and two out, Leo Durocher sent up Irvn as a pinch hitter. He was hitless in his last 26 times

at bat but he met the first pitch for a single and the Giants won again.

The Dodgers were helpless against a combination of two-hit pitching by Bud Podbielan and a 17-hit Cincinnati attack. Jim Greengrass hit two home runs and Andy Seminick hit one for the Reds.

Robin Roberts, who had to go 15 innings his last time out, struck out 11 and walked only two as the Phillies whipped Chicago. A two-run double by Smoky Burgess in the eighth clinched the contest.

## It's A Crime; Turley Loses

By GEORGE BOWEN

BALTIMORE (AP)—The ways the Baltimore Orioles find to lose games are bad enough for him, but manager Jimmy Dykes thinks "it's a crime" that they can't at least help pitcher Bob Turley win some more.

"He's pitching great baseball," said Dykes after Turley took his seventh loss Tuesday night because one run wasn't enough for him to beat the Boston Red Sox.

"Turley can't make a mistake. If he does, he's beat, because we can't score for him."

Turley gave up only three hits for the regulation nine innings and then lost the game 3-1 in the 12th when the Red Sox coupled two more hits with two walks.

It was the third time this season Turley was forced into extra innings. He won a 10 inning game, 2-1, and then lost in 12 innings by the same score.

In two of his other losses, the Orioles also scored only one run. Three of his six victories have been by the same nerve-wrecking 2-1 score.

Turley has struck out 94 batters in 119 2-3 innings, but he's also walked 74. He has given up only six hits in each of his last three games and lost two of them.

### Bobby Shantz Down To His Last Hope

PHILADELPHIA (AP)—Bobby Shantz was down to his last hope today of getting back on the mound for the Philadelphia Athletics this season.

Shantz went to Baltimore Tuesday to be examined by Dr. George T. Bennett and was told he apparently is suffering from a pulled tendon behind his left shoulder.

Shantz said the physician told him to lay off all pitching activity for the next three weeks. After that, Bobby is to try throwing slowly and carefully. If he experiences any pain at all, he is to quit for the rest of the season.

The pint-sized southpaw led American League pitchers with 24 wins and seven losses in 1952, but a wrist injury put him out of action through most of 1953.

### Josy Barthel Says Wes Santee Fastest

CAMBRIDGE, Mass. (AP)—Olympic champion Josy Barthel of Luxembourg says Wes Santee can outrun Australia's John Landy and England's Roger Bannister who have run the two fastest miles known to man.

Barthel beat Bannister in the '32 olympics in the metric mile (1500 meters) and lost to Santee's 4:00.7 performance at Compton, Calif., June 11.

"I think Santee can beat them both," Josy said Tuesday. "He has not yet been pushed."

Landy turned in a 3:58 mile Monday at Turku, Finland to top Bannister's record-shattering 3:50.4 May 6 at Oxford.

### Doucette Pitches Two-Hit Victory

## Browns Or Orioles, Still Poorest Team In Circuit

By BEN PHILEGAR

AP Sports Writer

Browns or Orioles, St. Louis or Baltimore, the sad fact seems to be that it's a last-place ball club. More than five million dollars have been spent on the franchise since a year ago today. The net result in the won-and-lost columns is a game and a half improvement.

The Orioles have won 22 games and lost 42 a year ago today the Browns stood 21-44.

The Orioles lost their ninth in a row Tuesday night, 3-1, to Boston in 12 innings.

**Just Like Last Year**

The Orioles are in last place, like last year, and 22½ games behind the Cleveland Indians, who lost one game of their league lead Tuesday night. The Indians bowed to Philadelphia 4-1 while Chicago

was beating Washington 7-5. This moved the White Sox within three games of the Indians.

The New York Yankees lost at Detroit 4-1 and stayed five games behind.

In the National League, the New York Giants continued to come up with hair-raising finishes, shading Milwaukee 3-2 on a bases-loaded single by Monte Irvin with two out in the ninth. Cincinnati mauled Brooklyn 13-1 for its fifth straight victory. Philadelphia defeated Chicago 4-1. St. Louis and the Pirates were rained out in Pittsburgh.

Baltimore's extra-inning loss came when Bob Turley walked Harry Agganis, the first man to face him in the 12th. Sammy White doubled and Billy Conso singled.

**Sima Gets Win**

Al Sima did his ex-Chicago teammates a good turn by pitching the Athletics to a four-hit victory over Cleveland. It was the first victory

for the left-hander, who was traded 10 days ago. He drove in two of the A's four runs off Early Wynn, who suffered his fifth loss.

Virgil Trucks joined Bob Keegan as the American League's only 10-game winners in Chicago's victory over Washington. He needed help from Morrie Martin, however, as the Senators fought back from a 7-0 deficit.

Manager Casey Stengel was bounced for arguing for the third time this year as his Yankees bowed to Steve Gromek and the Detroit Tigers. The Yanks collected eight hits but couldn't score until the eighth.

# Ed Furgol's Open Victory Was Surprise To Everyone

(Second of a three part series)

**By WILL GRIMSLEY**  
NEW YORK (AP)—When lame-armed Ed Furgol won the National Open golf championship last weekend at Baltusrol, it was the biggest upset in the event since Sam Parks' 200-to-1 shot victory in 1953. It was a surprise to everybody—except Furgol himself.

"I have always believed even from the time I was a boy that one day I'd be the golf champion," said the 37-year-old St. Louis professional. "Weeks ago I had a premonition this was the year."

"I told friends in St. Louis they should come out to the tournament—I'd have a surprise for them. Friday night, with Gene Littler leading, I told Fred Corcoran I'd need a business manager Saturday night."

## Long Winless Streak

It's easy to understand why Furgol was never regarded as a serious threat. A childhood accident had left him with a withered left arm, ten inches shorter than his right. He had a nine-year record of heartbreaks and failures as a pro.

Furgol played in 207 tournaments between the summer of 1945 and 1952 without winning a single first place purse, although he had 1,000 rounds with an average of 71.4 strokes per round. He won his first professional tournament at Phoenix, Ariz., earlier this year by beating Cary Middlecott in a playoff.

Furgol was 17 when he made his tournament debut. He beat the defending champion and gained the semi-finals of a junior tournament at Utica.

"That buoyed my confidence more than anything in the world," Furgol said. "I knew then I could do something as well as the other guys."

## Won Amateur Tourney

In 1938—at 22-in the National Public Links tournament at Cleveland, he shot a 68 in qualifying, but lost in the first round.

He went to the third round in 1939 at Baltimore and the next year at Detroit he was co-medalist at 138, a qualifying record. This time, he stayed in Detroit to work.

**THE WINNING SHOT**—Eyes bulging, Ed Furgol, finding a hole through the trees, played a 7 iron to the 18th fairway of Baltusrol's upper and other course to get out of the woods. (NEA Photo)

four his earnings were \$312.50.

"Helen stuck it out with me," Furgol said. "We played every tournament. We wore out a car a year. We lived in motels. Sometimes we ate hamburgers, sometimes we ate steaks, sometimes nothing."

"It was a hard seven years. Finally, two years ago, we got a chance at the Westwood Club golf near St. Louis."

"We took it. I left the tour. I am now a teaching pro. I give 600 to 1,000 lessons a year. We both think it's wonderful."

## College All-America Baseball Team Would Be A Dream For Pros

**EAST LANSING (AP)**—The sixth annual All-American college baseball team chosen by the American Association of College Baseball Coaches, would be a dream team for some professional managers.

The aggregation, announced today by association president John H. Kobs, Michigan State College baseball coach, boasts a 385 combined batting average. Three teams were selected from college varsities all over the country.

Led at the plate by the .486 mark of Baylor's right fielder Mickey Sullivan, one of the two repeaters on the first team, the squad contributed 17 home runs, 16 triples, and 41 doubles. Only other first team holdover from the 1953 squad is Richard Murphy, Ohio University outfielder who recently signed with the Cincinnati Reds.

## Top College Hurlers

Pitching for the first team is provided by two who made outstanding marks the past year in collegiate circles. Charles Meerlein (St. Johns, Brooklyn) turned in a 7-0 mark for the season and had an earned run average of 0.33. Paul Ebert, the ace of the Ohio

State staff for the past three seasons, had an ERA of 1.72 and won nine while losing but two.

Top home run hitter on the first team is Jerry Schoonmaker, left fielder for the 1954 NCAA champions of the University of Missouri who had six. Warren Goodrich, Stanford shortstop, had five triples to lead in that column, while Oregon State's Jay Dean, first base, had nine doubles.

## Yewie Most Valuable

Only two of the first team players named All-American participated in the NCAA college world series at Omaha, Neb., June 10-15, Michigan State's catcher, Tom Yewie, and Missouri's Schoonmaker.

Yewie was voted the "most valuable player" in the Omaha tourney by the press and radio personnel covering the five day event.

Paul Giel, Minnesota pitcher who recently signed for a reported \$50,000 bonus with the New York Giants, slipped from the first team this year to the association's second team, joining with Clemson's Billy O'Dell on that mound staff.

Centerfielder John Risch, of Michigan State was among those named to the second team. Ron Jackson, Western Michigan first baseman, made the third.

## Tiger Tales

**DETROIT (AP)**—Overheard in Briggs Stadium:

Manager Fred Hutchinson of the Tigers refuses to count the Yankees out of the pennant, even though they trail the Cleveland Indians by five games.

"I'll never count this team out until they are beaten," Hutchinson said. "They're not dead yet."

The Yankee manager, Casey Stengel, was requested to leave the premises in the third inning after complaining on a ball-strike decision. It was the third time this season Old Case was tossed out of a game.

Billy Hoert and Ned Garver, in that order, will go against the Yankees in the final two games. Jim McDonald was a likely choice for the Yanks today.

Harvey Kuenn went 0-for-5 and his hitting average slipped to .263.

Emperor Haile Selassie of Ethiopia was one of the spectators at a recent game between the Yankees and the Senators at Yankee Stadium.

Stan Musial returned to first base for the first time since 1952 because of rookie Tom Alston's batting slump.

## Colorado Peak Tops 14,000 Ft.

WASHINGTON — Colorado, which boasts more lofty mountain peaks than any other state, can pride itself today on another that exceeds 14,000 feet.

This spring the United States Geological Survey, while celebrating its 75th anniversary, found that El Diente (the Tooth) shoulders the sky at 14,159 feet. El Diente hitherto had been overlooked as a high mountain, but new Survey research fixed its true altitude.

In disclosing its finding to the National Geographic Society, the Geological Survey said Colorado can thus add a new peak to the 47 she already lists in the 14,000-foot class.

**Maps Even Some Fences**

The Survey carries on one of the Government's prime long-range projects: mapping the Nation down to every hill, almost to every house and even to some fences and windmills. Now it is investigating the Colorado Plateau to speed the quest for uranium, the vital atomic ore.

In this work the Survey measured El Diente in southwest Colorado. It also gauged other Colorado peaks and "lowered" some—Wilson Mountain, from 14,250 to 14,246 feet, and Wilson Peak, from 14,026 to 14,017.

Not all calculations will be cut down. Over the country, the Survey expects to lift other heights into the top category. No changes, however, are in store for Mt. Whitney in California, the Nation's tallest, 14,495 feet. Its altitude has been "tied down" meticulously. The same is true of Mt. Elbert, Colorado's monarch, only 64 feet lower than Whitney.

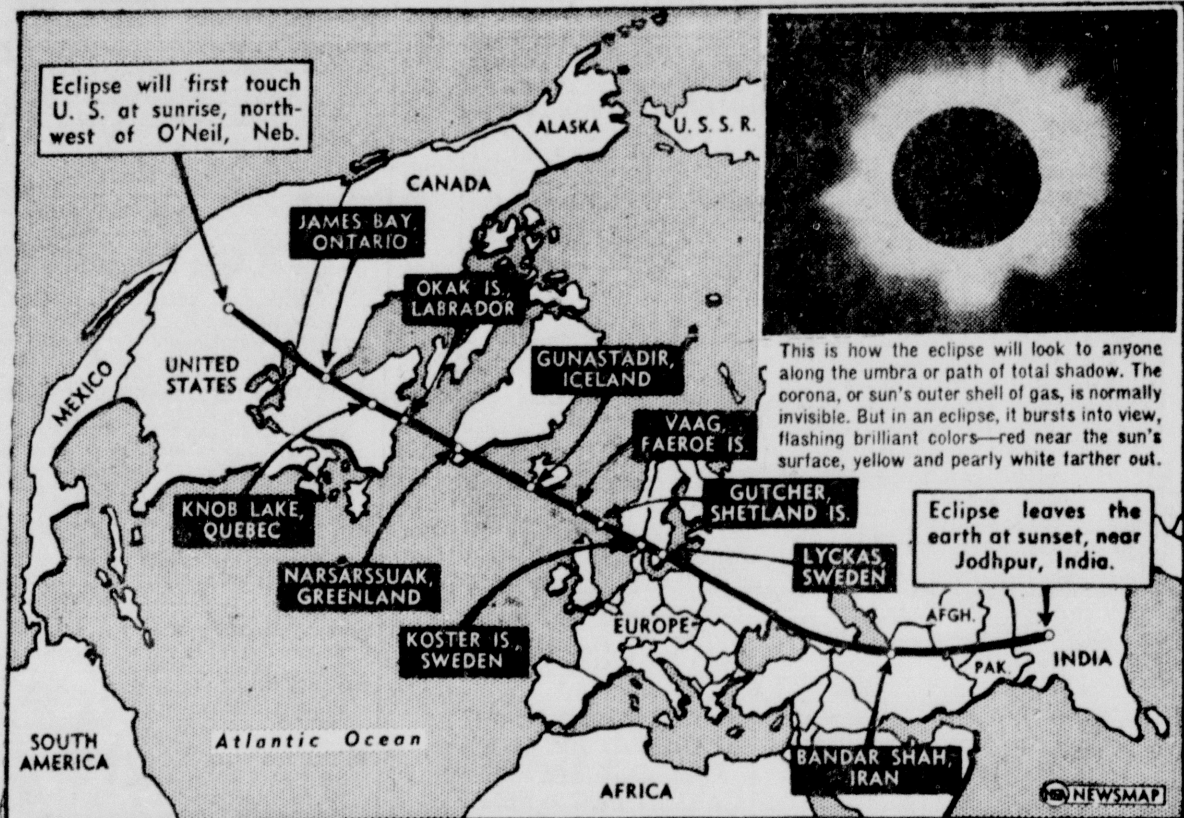

The Geological Survey is headed by Dr. William E. Wrather, who earlier this year was awarded the John Fritz Medal for engineering achievement. He is a trustee of the National Geographic Society.

**1,300 Maps a Year**

Dr. Wrather oversees the Survey's topographic division, whose surveying parties and aerial photographers plot the country's contours. In a year the Survey publishes more than 1,300 new maps. Many merely update old ones. A third of the United States is covered by still usable "quadrangles." It will probably be several generations before the entire country is mapped adequately.

For instance, Iowa, much of interior Texas, Georgia and Alabama are unmapped. Kansas, Mississippi and the immense spaces of Nevada and Utah require new surveys.

Not long ago the Survey remapped Illinois. It found Peoria

**MOON PUTS ON SHOW** — On June 30, thousands of Americans will see the most dramatic event in the sky—a total eclipse of the sun. It is produced by the moon's coming between earth and sun, blocking out the latter. Black line on map above shows the path of totality. While few places in the U. S. are within that path, practically everyone east of the Rockies can see at least a partial early morning eclipse—weather permitting. Best spot in the U. S. for viewing the total eclipse is Minneapolis, because the sky there is least often overcast. Ar-

rows on the map point to sites of 10 observation points for teams of U. S. and foreign scientists. This, the most comprehensive study of a solar eclipse in history, is being financed by the U. S. Air Force, hopeful of scientific data to promote accurate aiming of guided missiles. The moon's shadow makes its 8000-mile journey in two hours and 45 minutes. That's about 3000 miles an hour. Observations, a year in preparation, will have to be made within three and a half minutes as the shadow races along.

"out of place." So new maps shifted Peoria about a mile to the southwest.

The Survey's map revisions keep one type of American lobbyist on the go: the person who hankers to stand at the highest and lowest spots in every state.

A Michigan real estate man recently accomplished such a feat after years of travel. But upon

reaching home, he learned that the Survey had estimated some of the elevations anew. Florida's highest place was announced as a hill in Walton County near the Alabama border. It was given as 345 feet, 26 feet higher than the previously listed point near Lake Wales. There were changes in other states, too.

Undaunted, the Michigan real

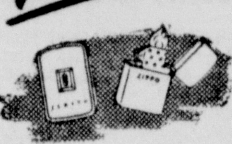

estate man started out again, still eager to know the land in most of its ups and downs.

The United States spends about 150 million dollars a year on aid to the blind but only about 1½ million dollars of private and public funds on research on eye diseases according to estimates of the National Society for the Prevention of Blindness.
